Hello to all of our valued customers. 2020 has been quite the year! I know I am not alone when I say I cannot wait for life to return to normal!!! Thank you so much to all of our customers that have continued to support us during the quarantine and COVID. We are honored that we have been able to stay open and keep our customers' cars running safely. Now is the time to start thinking about your car's safety for winter. We are currently running a special on our Fall/Winter Checkover. If you need tires before the nasty white stuff hits, give us a call and Tim can do a tire quote for you and let you know which rebates we are offering.

How did you spend your time during quarantine? Did you take up a new hobby? Spend time with your family? Do that house cleaning/organizing that you always wish you had time for? We were blessed to spend extra time with our son, his girlfriend, daughter and son-in-law and 4 grandkids at our cabin. It's so fun to watch the excitement of new adventures through the little ones' eyes. We have been able to fish, boat, swim, pet a turtle, make Play Doh projects and cook. Most of all we have been able to just enjoy each other—family is so important. I know this Mom/Grandma's heart is so full! And Grandpa enjoys it too!

Everything is pretty much business as usual here at the shop with the exception of asking our customers to wear a mask when they enter the shop and while they wait. Our technicians are taking extra steps to sanitize the vehicle both when they arrive and when they leave the shop for your safety. We are back to using our loaner vehicles and have implemented extra sanitizing steps for those as well. Don't forget our new policy with loaner vehicles - we need to see proof of full coverage insurance on your vehicle. Thank you for being patient as we have learned to operate with the "new normal".

Stay healthy and let us know how we can serve you!
